January 2024

Dear Sir or Madam:

Owen Quin is an applicant for your institution for the fall of 2024. Though I have only known him a short time, I am confident that he has the skills and drive to succeed at your school and in his career.

Currently, Owen is a student in my senior AP English Literature and Composition class. He is a hard worker and is diligent about completing all assignments thoroughly. He actively participates in our discussions and takes his writing seriously. In addition, he seeks to correct his work when something is incorrect. He currently has a 91 average, which is one of the highest in the class, showing he is a mature learner.

Owen is also a passionate computer scientist. Despite a global pandemic and chaotic school years, Owen has earned and maintained all honors and has been inducted into the National Honor Society. This is no small accomplishment. In addition, he won first place at the SkillsUSA district level for website design and second place for career commentary. In addition, he is Osha and Cisco Cyber Security certified. He can balance all of this with numerous AP classes, showing how willing he is to constantly push himself to be the best student he can be.

Furthermore, Owen is a committed athlete and musician. He is currently on our school co-op wrestling team, where he was awarded a varsity letter. His ability to balance his sport with school work and his creativity as a musician speaks to his impeccable work ethic and time management skills. Owen truly is the epitome of a conscientious worker and a model for all of his peers. For all of these reasons, I recommend Owen Quin to you without reservation.

Sincerely,

Bethany Whinnem
English Teacher
